Welcome to our family. We are delighted with the opportunity to have you as our guest, and we hope you find your sense of personal renewal during your stay.

We are definitely aware that “there is no place like home”, however we have tried our best to come close and we are always available to assist you with anything that you may require. (Dial 11 from your room phone)

Please allow me to introduce our facilities. For your convenience, St Lucia Wetlands Guesthouse offers several on site amenities, such as the beach towels, cooler boxes and umbrellas. While we do have coffee and tea facilities in the room we will gladly make you a plunger coffee or a pot of tea to enjoy in the guest lounge or on the patio. There is complimentary Wi-Fi throughout the guesthouse as well as at the pool.

Animals

The St Lucia Estuary is home to the Nile crocodile, hippopotamus and Zambezi sharks. For your own safety, please do not enter the Estuary waters under any circumstances. Please do not feed or provoke any wild animals, rather keep your distance especially when on foot. The warning signs are not urban legends, hippos do walk the streets at night and are amazing to see from the safety of your car. If you decide to walk, please remember it is very dark so carry a torch and keep your distance from the hippos.

Water

Tap water can be used for showering and brushing your teeth. We recommend drinking the filtered water at the bar and if you require extra we will be happy to oblige.

Safe / Laundry

The safe in your room is for your convenience, if you require help contact us for assistance. Laundry bags are provided in the hanging space of your wardrobe. It is a service we outsource, rates are reasonable and clothes are washed, ironed and folded as well as returned on the same day when handed in after breakfast.

Breakfast

Breakfast is served from 7h30 to 9h00 every morning. Our buffet style breakfast has been replaced by table service to comply with Covid Protocols and can be enjoyed on the balcony overlooking the garden. If you intend departing early, either to the game reserves or en-route to your next destination and require a packed breakfast please let us know the before 15h00.

Fridge & Bar

There is a fridge in the dining room exclusively for our guests. You are welcome to stock it with your own drinks and should you need glasses there are glasses behind the bar. However if you desire something else there is an honesty bar which you are welcome to make use of at any time. (Please sanitize before use).

Lounge

Please feel free to make use of the guest lounge and bar. In the evenings there is a fruit bowl on the counter and complimentary sherry available. A large screen television with DSTV is available.

We often find the lounge a great place for guests to get to know each other, talk about their adventures and pass on ideas to each other on places they have seen. Alternatively page through some of the books or connect to the WIFI, sending pictures and stories to loved ones back at home.

Restaurants

If you're ready to step out and explore the area, our guest house is conveniently located, within 15 minutes walking distance of a variety of popular restaurants. We do recommend those that walk ask the restaurant manager to organize a taxi home as hippos roam our streets at night. Better still if you go by car you could always drive around and look for hippos. Remember they are wild and can be very dangerous. A Restaurant Rating Book which gives guests the opportunity to rate their eating experiences, giving others an idea of what they can expect is available at the bar counter.

In the meantime, if there is anything you may require, please do not hesitate to contact any of our staff. There is always somebody available on the premises.

You can find more details on everything the local area offers in the pages to follow.

We sincerely thank you for choosing St Lucia Wetlands Guesthouse and hope that you have a comfortable and pleasant stay.

Warmest Regards,

Colin
